WILL LET TAX RATE REMAIN UNCHANGED

Report of Finance Committee For Increase Defeated

SCORES W. VA. RWY., CO.

Company Owes City $4,069— Corporation Attorney and Tax Collector Authorized to Collect at Once.

The tax rate for this city for the coming year will be the same as it was last year. This was decided upon by the city council at a meeting of that body held last night when council by a vote of 10 to 3 defeated the recommendation of the finance committee that the rate be raised from $2 to $2.50 on the $100 assessed valuation.

President Burke stated that he hoped the members would get together between now and the next meeting and submit a proposition for financing the city's affairs for the coming year.

Those favoring to adopt the committee's report were Messrs. Ticer, Wattles, and Burke and those against the report were Messrs. McCaffrey, Matter, Ruben, Armstrong, Kaufmann, Sullivan, Baggett, Lawler, Fletcher and Devers.

Councilman Baggett, when the finance committee's recommendation was presented, asked that if the tax rate was not in reality $2.25 at the present time. President Burke said this was so, but the taxpayers do not pay any more than formerly under the tax segregation plan, Mr. Burke also stated that he hoped that there would be a decreased rate next year with the new assessment in operation if the $2.50 rate was adopted.

Mr. Burke added that everything else has increased except the revenue of the city. Others cities, he said, have had to increase taxes. Councilman Baggett submitted a proposition to compromise the rate by making it $2.80 on the $100. This he said would yield the city about $16,000 additional revenue.

Councilman Lawler opposed the increase and suggested the sale of property on which delinquent taxes has been standing for years. He also thought revenue could be derived from the sale of the George Washington Park and the fish wharf property.

In the opinion of Councilman Ruber the best plan would be to float a temporary loan until the city knew what its new assessment will be. I felt certain the banks would come to the city's assistance.

Mayor Fisher submitted a message to council setting forth that the Washington-Virginia Railway Company owes the city a total of $4,069.47 for taxes and improvements and he has been unable to get any reply from them. The company's rolling stock, he said in the letter, has remained stationery since about 1907 and 1908. Our people, the mayor stated, are compelled to pay more and stand in the aisle of the cars at times. Continuing the mayor said, "The right to levy still remains in the tax collector's hands." The company, he said, offers no excuse for its failure to pay.

Councilman Ruben said the company's trains could be attached for the debt and Councilman McCaffrey favored attaching them.

A resolution authorizing the corporation attorney and tax collector to proceed at once to collect all taxes due the city by this company was unanimously adopted.

Ordinance to provide for the disposal of garbage under the direction of the city health department was adopted.

Resolution of Councilman Ruben appropriating $5,000 for sweeping streets etc., was referred to finance committee.

The civic bureau of the chamber of commerce petitioned that if there is an ordinance requiring citizens to keep their premises clean it be enforced, and that the health department, police and city engineer be directed to co-operate in its enforcement and if there is no ordinance covering the same, one be adopted. The committee signed to the paper is composed of J. R. Caton, T. E. Dyson, James Bayne, and Capt. George H. Evans.

Resolution of Councilman Kaufmann appropriating $85 for improvements at engine house on Prince street was referred. Permission was granted T. M. Dunbar to make improvements at 1008 King street and W. W. Boyce line tank in front of 104 South Washington was granted permission to place gas-

Councilman Lawler presented an offer of Leo M. Sweeney to rent the armory for a period of one year from February 1 at $500 a year. Mr. Sweeney, he said, agreeing to use it only from September 1, the city to have it any time it desires. President Burke asked that a report be made on the proposition by the public property and finance committee at the next meeting.

Council concurred in the action of the aldermen on resolutions of Aldermen Marbury to relieve city engineer of removal of ashes and place it under health department and committee on streets and to place city alms house under direction of health department.

Petition of Misses Gentzberger for garage on Pitt between King and Prince streets, was referred to street committee on Streets.

IN MEMORIAM

In sad but loving remembrance of our dear mother and grandmother, Sarah E. Langford, who left us so suddenly four years ago, March 24, 1916.

Forget thee, it is a bitter word,
I wish it were unsaid,
Forgetfulness is not of life,
But with the dead.
The flowers we place upon the grave,
May wither and decay,
But love for her who sleeps beneath,
Will never fade away.

Her loving children, Fannie,
Isabel, James and daughter-in-law, Katie Langford.

O joys that are gone, will you never return,
To gladden our hearts as of yore?
Will we find you waiting some happy morn,
When we drift to eternity's shore?
Will dear eyes meet our own, as in days that are past?
Will we thrill at the touch of a hand?
O joys that are gone, will we find you at last,
On the shores of that wonderful land?

Loving grandchildren,
William, Mary and Agnes Langford

BETTER CIVIC AFFAIRS

Members Vote Peasure Over Success of Style Show—Other Big Events Promised for Later in Year

Repeating the success of last Thursday evening, the Bendheim store last evening presented a fire sale appearance, so far as the crowd was concerned, the occasion being the second presentation of the living model show that formed a part of this big store's contribution to the first Semi-annual Style Show ever held in the city.

Before the opening of the doors at 7:30 o'clock, several hundred people packed the lobby and entrance and several minutes were required to seat the crowd before the opening of the show. Large preparations had been made for the accommodation of the thrill seekers who attended the show, but these proved to be entirely inadequate and dozens of persons found points of vantage on top of display cases and on the stairs, in order to see the wonderful creations for spring and summer that were displayed by the models.

Had Mr. C. M. Horgan, manager of the store, been permitted to stay out of the center of the store, the models might have received all of the applause during the evening. But, the business of the evening, made frequent trips back and forth through the display room necessary, and the genial manager was given his share of the acclaim.

The first display was that of the new spring suits, followed in succession by sport coats and skirts, afternoon dresses, and evening gowns. The garments were well shown by the Misses Hazel Sonners, Rebecca King, Gertrude Collum and Mesdames Grace Einbinder, Stella Woomert and Edward Muneh.

Several beautiful vocal solos were rendered during the evening by Miss Florentz Bradley. Miss Bradley has a pleasing voice and her choice of numbers apparently suited the tastes of the mixed audience as she received no small modicum of applause.

Following the style display, a number of the guests were invited to the third floor where dancing featured, the music being furnished by Smith's orchestra, which also played during the fashion display.

IN MEMORIAM

In sad and loving remembrance of our dear daughter, Eliza Jones, who left us five years ago today, March 24, 1915.

Eliza, you left us all alone,
You, so good and kind to us all,
Until God claimed you as his own,
We watched you, dear Eliza.
But little did we know that
On this day five years ago,
Your soul from us would go
And though our circle is broken
And the parting has filled us with pain,
We hold as a glorious token,
The bright hope of meeting again.

CONDITIONS IN THE RHINELAND

Dictatorships of Workmen In Nearly Every Town

SEIZE ALL FIREARMS

Prisons Opened and Outlaws Turned Loose—Conditions Continue Grave Throughout Germany.

Rotterdam, March 24.—The conditions in the Rhine provinces, where virtually every town is in the hands of the workmen, rapidly are approaching a duplication of the conditions prevailing in Soviet Russia.

According to the Rotterdamsche Courant's correspondents in Essen and Dortmund, the first step following the proclamation of soviet republics was the opening of prisons and freeing not only political prisoners but also common prisoners.

Coming closely on the heels of this order was an invitation to the bourgeoisie to surrender all firearms. Emphasis was laid on this by an announcement that failure to comply would entail prosecution by the revolutionary tribunal.

The correspondents say that the hardest task of the soviet government is to maintain rationing; that failure in this respect is not improbable owing to the existing scarcity of foodstuffs and that a compromise with Berlin then would be necessary. They assert that only [illegible] food is in sight for a week, and that the supply of potatoes will last only a few days. The hope of the soviet government, they assert, is to get food in exchange for coal from Holland.

The soviet councils have taken the sharpest measures against looting, say the correspondents, but they are requisitioning provisions and other commodities without pay.

Buckle End of Belt is Applied to Ohioan by Court's Order

Akron, Ohio, March 24.—George Belley probably knows what his wife suffered when he beat her with a heavy leather belt.

On order of Judge Purdee, of the municipal court, a court officer yesterday stripped Belley's back of clothing and applied a series of lashes with the buckle end of the same belt with which the wife had been beaten.

Mrs. Theresa Belley caused her husband's arrest and told the court of the beating he had given her with the belt. The order for the flogging and its subsequent enforcement followed.

FASHION SHOW SCORES SUCCESS

Repeated Program at Bendheim Store Draws Crowds

PRETTY MODELS SHOW

Spring's Newest and Best Garments Well Displayed—Vocal Solos Are Well Accepted Feature.

Growing out of the recently successful Style Show, held in the city last week for the first time, Alexandria will shortly be vested with a Booster's Committee, whose task will be the furtherance of anything that will result in the bettering of conditions, both business and social in and about the city.

This was decided upon at the wind-up meeting of the Style Show committees, held in the Chamber of Commerce rooms last evening. A considerable sum of money still remains in the treasury of the style show and this money will be used in the carrying out of the plans of the chairman and his associates.

The meeting was presided over by the new president of the Retail Merchants Bureau, Mr. B. Weil. The motion to appoint this committee was made by C. M. Horgan, manager of the Bendheim store, who was instrumental in the holding of Alexandria's first community style show, last week.

This committee will have broad powers and from time to time it is possible that new funds will be added to the amount already in the hands of the treasurer, T. Preston, for their use in [illegible] any condition that arrives in the city.

The members in attendance also voted to get [illegible] to the Dress-up and Clean-up proposition, this movement to be started about May 1. The idea, as outlined last evening is to give over an entire week to the cleaning up and brightening up of the city and for this purpose the aid of city council and Mayor Fisher will be invoked and the affair will be made compulsory, so far as some phases are concerned. The chairman was authorized to appoint a committee to co-operate with a similar committee from the Civic Association, the latter body having considered the matter several days ago.

The retail merchants of the city also voted to enter into the spirit of the affair to the extent of combining the annual Dress-Up Week with the clean-Up effect and the latter part of April and early part of May threatens to prove bigger even that Style Show week which has just closed.

Two guests were in attendance at the meeting last evening, Mrs. C. E Bradley, well known local milliner and Mrs. R. M. Much, proprietor of the Ruth Roycroft Shop. Both expressed themselves as well pleased with the Style Show and a rising vote of thanks was extended them for interesting themselves to the extent attending the meeting. They were invited to attend all future meetings.

All merchants in attendance were asked for individual expressions regarding the style show and without a dissenting voice, voted it the biggest and best affair of the kind ever attempted in Alexandria. Votes of thanks were extended to the finance committee, Mr. C. M. Horgan, chairman and to Mr. Horgan, personally, and to the publicity committee, Chas. R. Morrison, chairman, and to the parade committee, Mr. Claude W. Fletcher, chairman, for their work in helping make the style show a success from every standpoint.

All outstanding bills were ordered paid and Treasurer Preston will attend to these matters within a few days. A vote of thanks and a present of $60 was authorized to be given the Indian Guard band for their excellent services during the parade of last Wednesday evening.

Lincoln, Neb., March 24.—William Jennings Bryan will open campaign in Nebraska in behalf of his candidacy as delegate-at-large to the Democratic National Convention with an address at Elmwood next Friday. He will speak in Lincoln Friday next, in Omaha Saturday and leave Monday for Los Angeles, where he will address a conference of Western Governors on April 2.

BOARD OF ALDERMEN

Seven of the eight members of the Board of Aldermen were present at the regular meeting last night The only new business presented were two resolutions, introduced by President Marbury, one looking to the relief of the City's Engineer's Department in respect to the removal of ashes and trash from residences and placing such work under the supervision of the Health Department and Committee on Streets. The other has for its object the placing of the City Alms House under the supervision of the Health Department. These resolutions, which will be found in the official proceedings, were referred to the Committee on Streets, Health and General Laws. Mr. Marbury in submitting the resolutions said:

Gentlemen—I have been the recipient of many complaints recently, regarding the removal of ashes and trash, and I have given them considerable thought. One can readily see that the complaints are just, after viewing a few of the alleys, vacant lots and back yards. It seems to me the amount of money spent annually for this work is certainly sufficient to insure our citizens a better and more up to date ash and trash removal.

In view of the above facts, I am presenting to this body for consideration, a resolution which would relieve the City Engineer's Department of the removal of ashes and trash and the cleaning of streets, and place the same under the direct supervision of the Health Department and Committee on Streets.

For a long time it has occurred to me that the Enginer's Department has had too many responsibilities, and certainly the time has come when we must take some action and equalize the work of our city, that would insure us more efficiency. My reasons for placing this work under the control of the Health Department are:

First, I sincerely believe it is the proper place for the responsibility to rest, in view of the fact that we look to this body to keep the city clean and in a sanitary condition; secondly, this department has proved satisfactorily to our citizens, their ability to handle matters that have been placed in their hands.

My second resolution is to place the City Alms House under the direct supervision of the Department of Health. If I understand correctly, patients are admitted to that institution by the Mayor, after evidence has been produced as to financial circumstances, place of residence and condition of health. The Chairman of Committee on Poor is in charge of the Alms House, and it is his duty to see that this institution is properly conducted. Now gentlemen, you are all familiar with the amount it costs the city each year to operate the poor house, also the work you have placed on the shoulders of the Chairman of that Committee, who is not a paid official, but one giving his time and energy for the best interests of our city. Therefore, in view of these facts, while we have a full time Health Department, why not relieve the Chairman on poor of the responsibility and place it where more time can be given, by persons receiving a salary for carrying on the work of our city, which I am sure would mean a saving to Alexandria.

ACCUMULATIONS OF WINTER

The weather during the past few days has been that of veritable spring, and tidy housekeepers are engaged in obliterating unseemly accummulations of the long and trying winter from which we are now emerging. Trash is being gathered and burned, trees are being trimmed and banks of ashes removed. Huge piles of the latter are at many homes, although the City Engineer's Department which has charge of this work, has doubtless been doing its best towards hauling away such unsightly mounds. Considering the limited means at its disposal, it has doubtless done its best. Angels could do no more.

As will be seen by the proceedings of the Board of Aldermen last night, a movement looking to the acceleration of this work has been launched, and should proper legislation by the City Council follow the work of removing ashes and dust from homes will be placed under the supervision of the Health Department of the city.

Mr. Marbury, President of the Aldermen, submitted a resolution providing for this change, and it is understood the Health Department is ready to assume this duty.

Complaints against the alleged slow process of removing unsightly accumulations are chronic, although there is reason to believe those in charge of the work move as fast as possible under present conditions. They are often hampered by lack of means or men to perform the work as satisfactorily as they wish. Under the plan suggested by Mr. Marbury better results may follow.

For several years the civic league of the city has endeavored to accelerate interst in cleaning up propaganda, and considerable work on this line has been and is still being accomplished. Our population has been largely increased in recent years, and the number of strangers in our midst is being augmented daily. A tidy city is an effectual advertisement, and it is hoped the good work of cleaning up will go on

GOMPERS POLITICAL MOVEMENT

There is a lack of precision in the announcement of the political labor movement which has been sponsored by Samuel Gompers. The head of the American Federation of Labor says that the movement is to be non-partisan and that it will be aimed at those candidates for public office who are enemies of labor. But, as is asked by a cotemporary, who are to determine the "enemies of labor," and how is a distinction to be made between those who labor and those who do not? Mr. Gompers attempts to answer part of this question by defining labor. He says that it is not something impersonal, that it is not like a machine or a corporation. "It is," he says, "the sum total of those who are useful to the world."

This description will be found to include the great majority of the people. Most men work for a living and for that reason most of them may be fairly classed as laborers. Employers of labor are certainly "useful to the world" and so they may be counted in the Gompers category. He says that "money, greed, political greed and greed for place and power," have been striking at our liberties. Granting this, it will have to be confessed that this form of greed has been practiced by all sorts and conditions of men. While our soldiers were in France fighting for the liberty which Mr. Gompers describes so eloquently, many of those he extols were at home fighting for the highest wages they could get and threatening to strike if their demands were not granted.

Fortunately they were in the minority, and the great bulk of the people, irrespective of their station in life, were standing behind the government. We had no classes in war times and we should have no classes in times of peace. For this reason purely "labor movements" like purely capitalistic movements cannot succeed in this country. Class movements are opposed to the spirit of the Constitution and those who imagine that men may be voted in groups are likely to be disappointed when the votes are counted in November.

What causes Indigestion

An excess of acid in the stomach sours the food and starts fermentation. Distressing gases form. Your meals don't digest, but lay like lumps of lead. Then you have heartburn, flatulence, fullness, belching, headaches, and real misery in the stomach and intestines.

A few tablets of "Pape's Diapepsin" bring relief almost as soon as they reach the stomach. "Pape's Diapepsin" costs little at drug stores.

Don't Expect to be Cured of Fiery Skin Diseases

By Old-Time, Out of Date Methods of Treatment.

Usually those who continue to suffer from stubborn ailments are those who refuse absolutely to heed the teachings of medical science. New discoveries are being constantly made, and those who fail to take advantage of the wonderful accomplishments of men of science will continue under the handicap of disease.

Your eczema, tetter, boils, pimples, acne, scaly skin eruptions, and burning fiery irritations that cause so much discomfort by their terrifying itching, come from a tiny disease germ in your blood, which multiplies by the millions. These germs find some weak spot where they can break through the skin and set up their attack, and if you have ever had any form of these skin disorders, you know what real torture is.

The reason these disorders appear so stubborn and hard to get rid of, is because they are not given the proper sort of treatment. In other words, the irritation and itching becomes so intense that the patient thinks only of relieving this discomfort, instead of directing his efforts toward getting rid of the cause of it all. Hence the constant use of lotions, salves, soaps and ointments can make no impression whatever on your trouble, other than to afford some temporary relief.

But why be content with mere temporary relief? Are you not desirous of being permanently rid of this annoying trouble that is a source of such constant torture? Wouldn't you give almost anything to be once more free from the itching and burning that makes your skin seem like it was on fire?

Then throw aside at once such makeshift treatment that can only reach the surface, and begin taking a remedy that goes direct to the source of your trouble. Go to your drug store, get a bottle of S.S.S. and begin a thorough course of this fine old blood medicine that kills the germs that creep into the blood and cause all of your skin discomfort. S.S.S. is a purely vegetable compound, made from roots and herbs of recognized medicinal value. It so thoroughly cleanses and purifies the blood that the germs of disease are eliminated, and then real relief comes.

This fine old remedy is the sane and sensible treatment for your skin disease, as you will find by giving it a trial. If your case should need special advice, it can be had without cost to you, by writing to Chief Medical Adviser, 14 Swift Laboratory, Atlanta, Ga.

This experience will convince you of the power and pick-up and speed and flexibility of this exclusive Cleveland-built motor.

It will convince you of the comfort of the car, contributed to so much by the low underslung spring construction and the wide soft seat cushions.

You will be amazed at the ease of handling your Cleveland, how lightly it steers and shifts, and at the instant positive action of its brakes.

Common Council

At a regular meeting of the Common Council of the City of Alexandria Va., held March 23, 1920, there w present:

H. R. Burke, esq., president and Messrs McCaffrey, Matter, Ruben, Armstrong, Kaufmann, Wattles, Sullivan, Baggett, Lawler, Fletcher, Deavers and Ticer.

The following message was received from the Mayor.

Office of the Mayor.
Alexandria, Va.,
March 23, 1920

To the Honorable City Council,
Alexandria, Virginia.
Gentlemen:—

In a communication addressed to the City Council on Tuesday, February 24th last, referring to claims of the City against the Washington-Virginia Electric Railway Company I stated my intentions to submit for your consideration some matters in regard to our attempted collection of these claims and proposed to speak or write plainly on the indifference real or unintentional, upon the part of the Washington-Virginia Electric Railway Company relative to taxes and licenses due or rather overdue, payable to the city of Alexandria As no responses have been made to letters addressed to that company by the Mayor and City Officers, and in order to have the Council fully understand these matters, I request to have read in their order the papers I have the honor to submit for your consideration.

The first is a copy of a letter from myself to the railway company. The second a copy of a letter to Mr. Jas L. Caton, the legal representative of the Company in this City. The third a copy of a bill for franchise tax and some notes bearing on same which was mailed to the company in February last. You will note the items referred to in my letter to Mr. Caton I give the claims as follows:

Franchise tax and interest	$1,687.75
City Tax payable to Mr. Gorman	$1,474.07.
Tax payable to Mr. Robinson	184.35
Total	$3,346.17
To which should be added bill for material and labor on track repairs presented by City Engineer	543.30
License tax on 36 cars due June 1, 1919, payable to the Mayor	$186.50.
	$4,069.97

The Commissioner of Revenue informs me that a report has been made to him of the number of cars operated. I place the number at 36 in the aforegoing statement. Right here I desire to inform the Council that I find upon examination that 46 cars was the number given in 1907-08 and has remained the same in intervening years. The correctness in the number of cars reported is not disputed by me, for I do not know anything about it, however, it may appear strange to others as well as myself that the rolling stock of the Company has remained stationary during all these years, and our people and those who visit our City and Mt. Vernon are now made to pay large and considerable advance in both freight and passenger rate to meet what is perhaps an excusable plea, an advance in the cost of everything, yet, it is none the less true in spite of the increase in car fare that at times persons are compelled to stand in aisles and on platform after a scrimmage to even get on the cars. The indifference "real or unintentional" (and to which have referred) also in so far as the company has given evidence applies to the concessions we made to them and to which they offered no dissent but upon the contrary were gladly accepted. Commuters meet and complain as to the increases in car fare and criticise conditions. These complaints, at least upon the surface appear reasonable when the company by the own admission show no increase in cars operated, but a decrease. Having made steamboat traffic over the Potomac for passenger service an impossibility, and now enjoying a monopoly of transit between Washington and Alexandria, perchance this company, or those who control it, may ask in the vernacular of the street, what are you going to do about it? Really I do not know! This much in so far as our municipal claims are effected I think I know. That the right of levy still remains in the Tax Collectors hands. The requirements and obligations of the franchise ordinance is in operation as it effects both Railroad Company and the City.

The repairs of the streets used by the Company, between the rails and two feet on each side is incumbent upon and not disputed by the company etc. But all this does not get the money due us by the company and they offer no excuse or explanation as to their "indifference, real or unintentional" as to our requests.

I am averse to taking any drastic action myself or advise others to do so, hence I would like and suggest that your Finance Committee take this communication and other papers for consideration and communicate with Washington-Virginia Electric Railway Company in regard to them.

Very respectfully,
THOMAS A. FISHER,
Mayor.

A resolution instructing the Corporation Attorney and tax collector proceed against the Washington-Virginia Railway Company to collect all taxes due the city was offered by Mr. Baggett and passed. Ayes 13. Noes

An ordinance for collecting taxes within the city from June 1st, 1920 to May 31st, 1921, with a special additional levy of 50 cents for school purposes was recommended by the Finance Committee and read the second time. An amendment by Mr. Baggett to strike out fifty cents and insert thirty cents, was lost and the ordinance was read the third time and lost Ayes Messrs. Ticer, Wattles and Burke—3. Noes, Messrs. McCaffrey Matter, Ruben, Armstrong, Kaufmann, Sullivan, Baggett, Lawler, Fletcher, Devers—10.

An ordinance to provide for storage, collection and disposal of garbage was recommended by the committee on Health and read the second and third time and passed. Ayes 12. Noes 1 (Mr. McCaffrey.)

Upon recommendation of the committee on streets permission was granted T. M. Dunbar to erect porch rear of 1008 King street.

Upon recommendation of the committee on streets permission was granted W. W. Boyce to install gasoline tank in side walk No. 104 South Washington street.

A resolution appropriating $5,000 for sweeping streets and collecting ashes was referred to the joint committee on streets and finance.

A resolution appropriating $85 to repair a room at the Relief Hook and Ladder house was referred to the joint committee on Fire and Finance.

A resolution from the Civic Bureau of the Chamber of Commerce relating to enforcement of ordinances for keeping premises clean was received and referred to the committee on health.

A resolution to lease Armory Hall to Mr. Leo M. Sweeney at a rental of $500 a year was offered by Mr. Lawler and referred to the joint committee on Public Property and Finance

A petition from A. and H. Gensberger to cover opening leading to private garage rear of property corner of King and Pitt streets was referred to the committee on streets

A resolution relating to the control and supervision of the City's Alms House also a resoluiton relating to the removal of ashes, trash and cleaning of streets was received from the board of aldermen and their action concurred in.

The board then adjourned.

Straighten Up

THE man or woman afflicted with backache, swollen muscles, stiff joints, rheumatic pains or other symptom of kidney trouble is entitled to sympathy and should have help.

Nature gives early warning of kidney trouble by puffiness under eyes, spots before the eyes, dry mouth, biliousness, weakness and pale, waxy, dry skin.

It is unwise to neglect the slightest symptom of kidney trouble. Give the kidneys the help they are calling for.

Foley Kidney Pills

tone up weak, inactive, sluggish kidneys and help rid the body of poisons. With kidneys and bladder properly functioning, appetite is restored, refreshing sleep is possible and health, strength and energy come as a natural result.

C. F. Reynolds, Elmira, N. Y., writes: "Three months ago I was sick in bed with kidney trouble. My back ached so severely I could not get up. We read of Foley Kidney Pills, so I sent for some and commenced taking them. In a few days I was up out of bed and upon keeping the treatment up for some time I was able to go to work. Since then I have had no more backaches and no trouble with my kidneys."

MOTHERS, DO THIS—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

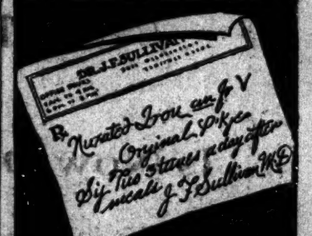
As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50.

MUSTEROLE
WILL NOT BLISTER

NUXATED IRON



"Nuxated Iron helps put astonishing strength and energy into the veins of men and roses to the cheeks of pale, nervous, run-down women," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.) N. Y., and Westchester County Hospital. I prescribe it regularly in cases of depleted energy, anaemia and lack of strength and endurance. There is nothing like organic iron—Nuxated Iron—to quickly enrich the blood, make beautiful, healthy women and strong, vigorous iron men. Satisfaction guaranteed or money refunded.

STOP ITCHING SKIN

Apply Zemo, the Clean, Antiseptic Liquid. Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin.

Ask any druggist for a 35c or $1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

Coercion Plea Fails to Save Pretty Woman in Richmond

Richmond, Va., March 24.—Despite the plea that she was coerced by her husband, who is serving a term in the Auburn, N. Y., prison, Mrs. Tyler D. Young, a pretty woman of New York, yesterday was convicted here and sentenced to serve one year in the penitentiary for having sold a stolen car to W. G. Baptist, a Richmond lumberman.

It was testified she had made the sale last June after representing herself to be a widow.

A man who accompanied her and who was introduced as her brother, really was her husband, the defense contended in setting up the coercion plea.

According to the police the pair were engaged in the practice of stealing automobiles in New York and bringing them to Virginia to sell, and also of stealing Virginia cars for sale on their return trip.

A large country home in New York State was said to have been purchased with funds obtained by this means. Otehr charges against the woman are pending in Roanoke, Va.

JOBS GO WITH PEACE

assage of Knox Resolution Would Affect Many Officeholders

The passage of a law by Congress declaring a state of peace with Germany or actual peace, would automatically, it was said yesterday, legislate many people and institutions out of existence officially.

It was stated that many statutes which begin with the words "during present hostilities," or "during the emergency" and similar phrases would cease to be operative if there were a statute declaring peace. A statute or the Knox resolution to declare peace, if it became a law, would repeal all statutes inconsistent with it.

It is expected that, if the Knox resolution makes progress, Congress will have to be appealed to to continue some of the institutions in existence.

ALLEGED TERRORIST

Colored Soldier Taken by "Committee" at Laurel, Hill, Va.

Staunton, Va., March 24.—On complaint of the white population of the little town of Laurel Hill, a few miles from Staunton, that he had terrorized the entire community with his queer actions and dangerous threats, Sam Washington, returned colored soldier still in uniform, Monday was tried before a magistrate's court here and placed under bond of $500 to keep the peace. He was placed in jail as he was unable to provide bail.

According to witnesses, Washington, since his return, from six months' service in France, has had difficulties with practically all the white residents of the town, Saturday night the feud that had been long smouldering burst into flames when the negro, according to testimony, threatened to burn the Gentry house and barn and half the town of Laurel Hill.

The men of the neighborhood became incensed and closed in on the negro house and held him for the authorities. As they were taking him, Washington's aged mother attempted to draw a gun on the white men. At the [illegible]

GRAND THEATRE

"Infidelity," is the title of the picture that will be featured at the Grand Theatre tonight. It derives its name from the conduct of a woman, who succeeds in living a life of disloyalty so cleverly that her husband does not discover the deception until years after her death. The picture is a dramatization of the novel, "Dr. Rameau," written by Georges Ohnet, one of the most popular modern French authors.

The cast of the picture is claimed by William Fox, the producer, to be the strongest ever assembled for a photoplay and includes Frederick Perry, now starring on Broadway in "Tea For Three," Dorothy Bernard, Jean Sothern, Stuart Holmes, Geo. Alison and others. The story hinges on the remarkable career of Dr. Rameau, his work as a surgeon in behalf of the poor, the deception of his wife and his attitude, after the discovery, toward the child whom he has raised to budding womanhood in the belief that she was his own daughter.

Also 17th chapter "Midnight Man."

PEPTO-MANGAN FOR SPRING FEVER

Spring Days Are Treacherous—Germs Don't Disappear With Cold Weather

And Blood is Sluggish and Weak

Don't Take Chances if You Feel Bad Enrich Your Blood With Pepto-Mangan

There is a great deal of serious sickness in the Spring.

And it is easy to see why. Long weeks pent up indoors, too little exercise and fresh air, winter sickness not entirely over with, a generally lowered vitality. Blood weak and sluggish. Then come fine Spring days—that are not as warm as they seem; or sudden changes in the weather and you haven't taken proper precautions.

Vigorous, red-blooded people don't often get sick. If you're not feeling your best, get Pepto-Mangan of your druggist and take it to build up your blood. This effective and agreeable tonic has been tested for over thirty years, and physicians, everywhere, recommend it for run-down, pale, and anemic people.

The whole family should take Pepto-Mangan—it is good health insurance. Besides, what a joy it is to feel fit and fine—ready for anything! To have an abundance of energy and enthusiasm!

Pepto-Mangan is for sale at your druggist's, and in both liquid and tablet form. There is no difference in medicinal value. Take whichever you prefer. But to make sure you get the genuine, ask for "Gude's Pepto-Mangan" and see that the name "Gude's" is on the package.

DANGERS OF A COLD

Alexandria People Will Do Well to Heed Them

Many bad cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Follow this Alexandria resident's example:

C. E. Davis, fireman, truck and engine company No. 1, says: "I have used Doan's Kidney Pills off and on for a good many years and they have always given me wonderful relief. My trouble has been brought on by being out in all kinds of weather and catching colds which settle in my kidneys. Then my back gets sore and weak and I can hardly get around. The kidney secretions will pass irregularly and make me get up often at night. However, I find I can rely on Doan's Kidney Pills to give me the desired relief. My kidneys have never been in bad condition since I started using Doan's Kidney Pills for those attacks."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Davis had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.
